### Background:

Many communities in Florida offer an award to honor residents that have contributed to improving the quality of life of the community. Neptune Beach established this award in late 2020 to recognize outstanding residents for their service to the community. Honoring the City's namesake, the Neptune Trident is symbolic of King Neptune's Trident and each tine represents a tenet on which the award was founded: Selflessness, Integrity, and Leadership. At a minimum, Nominees for the award should demonstrate through their actions at least one of the three tenets described below.

### Selflessness

Concerned more for others needs and wishes than with one's own. Actions are performed without any expectation of award for the person performing it. Any action should not solely benefit family or friends, but generally should be performed for the benefit of the greater Neptune Beach Community.

### Integrity

An inherent moral and ethical quality of being honest, truthful, and responsible for one's actions. Caring for others in a way that intentionally chooses to grow in virtue, and demonstrates a commitment to good character and responsible citizenship. Being consistent with words and actions in a way that benefits others through demonstrable acts of: respect, kindness, resilience, responsibility, stewardship, and service.

### Leadership

More than leading groups of people towards a common goal, servant leadership is defined best from Robert Greenleaf: "A servant-leader focuses primarily on the growth and well-being of people and the communities to which they belong." The intent of a servant leader is to enrich the lives of individuals in their community with a desire to create a more just, equitable, and caring world.

### Nomination Criteria:

Nominees must be a resident of, or have a vested interest in the City of Neptune Beach for a minimum of (12) months, and demonstrate an interest in the betterment of the City. Businesses, organizations, and agencies are eligible, but must have operated within city limits for at least (3) years. Groups, teams, and former residents are also eligible if demonstrable evidence is provided that they meet the criteria for award. Nominations are accepted on a rolling basis.
